

KEY TO NAMIBIA'S FUTURE: SUCCESS FOR OUR LOCATION YOUTHS

“Will you help youths like me stay off the streets – and become the citizens our nation needs?”

My name is Meriam Tweufilwa.
Before I joined the KAYEC Youth Development after-school programme in Katutura at age 13, people saw me as just a sad face. At 16, I am now top of my class and helping others succeed as well: All this is because of KAYEC. Support KAYEC – and set youths like me on the path to success nationwide.

5 KAYEC centres in location areas

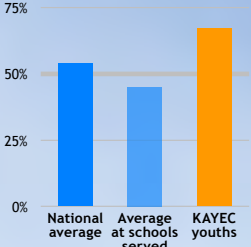

A strategy that gets concrete results

KAYEC has served 41 schools that underperform on exams – helping 1,200 learners beat the Namibian average each year

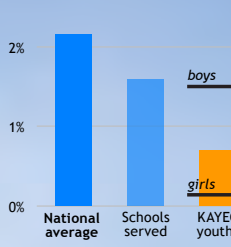

Their schools have low dropout rates – which we help make even lower

And KAYEC girls drop out from pregnancy less than their high school peers do

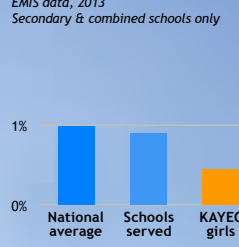

Grade 10 pass rate
MoEAC data, 2012-2014

School drop-out rate
EMIS data, 2013

Girl dropout rate due to pregnancy
EMIS data, 2013
Secondary & combined schools only

Since 2004, KAYEC has built the blueprint that Namibia's youths need to succeed. Help us continue this crucial work in 2016.
